PA Project Description:	Actual projects are to be determined and more details on potential projects are available in the Opportunity Register file if a project is selected kWh savings and incentive value listed in bi-monthly upload list are placeholder values based on what the customer sites have worked with PI to initially estimate and reviewed by PI These savings are based on total site energy use strategic goals from the site and their corporate managers Pls past experience at similar sites and communication with site staff at the beginning of the program This kWh value will change at year-end depending on the number of projects actually completed at the site kW savings will be calculated at year-end stage for each project using the approved SEM Demand Savings calculator

Note or Instruction Number:	CPUC Staff Notes or Instructions:	Instruction Category	PA Response	ED Resolution
1	The project documentation included a note explaining why a top-down model would not be feasible for this site and that bottoms-up approach will be used. The reviewer found that explanation reasonable however, the reviewer recommended including detailed documentation for the bottoms-up approach in the Post M&V phase such as: efficiencies for equipment and assumptions used, documentation of quantities, documentation of nameplates, when possible.	Calculate on method		
2	The provided project documentation did not include the M&V Energy Savings Report or the draft completion report. The reviewer requests uploading those files at the Post M&V phase for the evaluation to review with detailed description of on which measures have been implemented and the dates of implementation at the end of the performance evaluation period and including any technical evaluation notes that have been documented.	Continue Document Upload		
3	The provided project documentation did not include the proposed bottoms-up calculation for this site. The reviewer requests the calculation to be uploaded for the evaluation review at the Post M&V phase for the reviewer.	Continue Document Upload		

CPUC Staff Recommendation Definitions	
CPUC Staff Recommendation	Definition
Application ready to proceed without exception	The PA will continue to upload application documents to the CMPA directory through the implementation and claims phases of the project. The PA may proceed to approve the project without waiting for CPUC Staff response. A project is waived from further review at the post-installation stage by CPUC staff but the PA is responsible for post-installation (IR) review. There will not be conditional approval.

<p>Application ready to proceed with exception(s), as noted</p>	<p>The PA must make revisions or changes as noted in CPUC Staff's review comments before signed agreement with customer. The PA will continue to upload application documents to the CWP/PA directory through the Implementation and claims phases of the project. The PA may proceed to approve the project without waiting for CPUC Staff response. If CPUC Staff decides to perform IR review of a project, CPUC Staff will notify the PA. The scope will be limited to determine if the project was carried out consistent with the application and notes provided during pre-installation review and to obtain information pertaining to whether the eligibility criteria or metrics should be revised.</p> <p>Unless the scope of work presented in project application has changed at IR review, the project will not be reviewed again in the areas specified below. Scope change is defined by substantial changes include significant modifications to the proposed equipment type, size, quantity, configuration, the expansion of a project to include additional retrofits, or the splitting of a project into multiple phases.</p> <p>The following areas will not be reviewed again by CPUC Staff:</p> <ul style="list-style-type: none"> • Calculation Tool • Calculation Methodology • M&V Plan • Baseline • Eligibility • EUI/RUL • Measure Type • Program Influence
<p>Application rejected.</p>	<p>The application is rejected as submitted. The PA shall promptly inform the applicant as to the reasons why the project was rejected and the specific recommendations for the conditions under which the project would be approved. CPUC Staff shall provide the reasons for the rejection or request for modification, including each basis as to why the project is rejected or modification is requested. In addition, CPUC Staff shall provide specific recommendations for the conditions under which the project would be approved.</p> <p>If any party to the project is unsatisfied with the Commission's directions for the project, a dispute resolution process may be initiated by that party. The Commission shall adopt rules for the conduct of the dispute resolution process. -- Section 381.2 (g) (3) (F)</p>
<p>Advisory.</p>	<p>The PA is not formally required to follow instructions or recommendations given in an Advisory review. However, issues found will affect ESP/ scoring and may come up again in Ex-Post review.</p>
