

Memorandum

Date: June 4, 2014

To: Gay Powell

From: [REDACTED]

File No: Project NC0123726 (X312)

Subject: PG&E custom project No. Project NC0123726 (X312)– Final Review
Disposition

CC: Nikhil Gandhi, Joseph Ball

Upon review of PG&E's revised calculations (with the almond drying air recirculation removed), CPUC staff waives further review of this project. PG&E is to upload in the CMPA project file the project's final energy savings calculations, the incentive payments, and the completed IR package. Also, PG&E is to include the actual PG&E Claim ID numbers for each measure, once incentives are paid, in its claims reporting.
