Subject: CPUC staff waiver further review

CPUC staff waives further review of the above referenced project. The utility will apply a Gross Realization Rate of 0.9 to the ex ante savings values at project claims. Upon completion of this project, please upload all final project documentations to this project's directory in the CMPA. Upon submitting the utility claims for this project to the CPUC, please upload to this project's directory in the CMPA a document indicating this project's claim ID and the quarter and year in which the project is claimed.

Thank you.
