1	In response to our SDRs, the PA corrected some calculation analysis that resulted in different savings and incentives compared to the bi-monthly upload. Savings were updated from [REDACTED] to [REDACTED]. [REDACTED] Incentives were updated from [REDACTED] to [REDACTED]. Please update these values in the next quarterly submission.	Other 1		

2	Savings include 3 incandescent lamp replacements that have RUL (remaining useful life) of less than 1 year. Accelerated replacement claims are not appropriate for equipment with RUL of less than 1 year. We requested the PA to remove these measures via SDRs and the PA's response indicated that these had been removed. However, revised calculations still includes them. Please remove these from the analysis during the post-installation stage.	Analysis assumptions		
3	Please resubmit the project for post-installation review and after final savings have been estimated.	Continue Document Upload
